

## *Inspirational Emails*

### **We all need a fresh start!**

*God Nuggets, Issue 10*

*We all need a fresh start - a change, a way to do something differently. The question is, with whom?*

**What family member, loved one, friend, neighbor or co-worker do we need a fresh start with?** Who did we leave confused, frustrated, anxious, angry, disappointed, feeling unloved or unforgiven?

If you could change your previous communication, impression or action, how would you do it? *What would you say or do?* The good news: it's not too late.

Whether with a brief apology, clarification, an act of forgiveness, or perhaps with just a kind word or gesture **you can get a fresh start with someone important to you.** You'll both feel better.
